DEVELOPING WORLD CLASS COMMUNITY SPORT HUBS

Community Sport Hubs (CSHs) are a simple way to support the development of a number of clubs. Each CSH will be at its own stage of development, is unique and represents their local community. This cyclical model is designed to help create, develop and embed a CSH in a local community. We are developing a network of CSHs across Scotland that help improve the capability of sports clubs and in turn their contribution to the development of a world class sporting system.

Organising	Understanding	Making it happe	n	Sharing
 Description Description	 Establish the vision Understand why you have come together and what you can offer your community Collectively agree your long term vision, mission & values Understand what is on offer in your local schools and HE/FE environment. Work closely with Active Schools and PE to join these environments Engage with your local community to identify specific areas of need and opportunity To achieve this, speak to those that participate as well as those not currently engaged 	<section-header>Simple planningThe steering group develops and owns a simple plan based on what they learn from engagementYour plans break down how you wild achieve your long term visionThe plan details how the CSH partners will work together to improve sport in their communityClubs will still have their own separate plans that are complimented by the CSH planConnect local authorities and SGBs into your plans</section-header>	 Deliver the vision Actions are clearly assigned to specific individuals on the steering group Steering groups should reflect on progress of the plan and be willing to make changes to ensure impact When delivering actions always capture what worked and what didn't Record the changes that you are seeing as your CSH develops 	Tell the stories Share the impact of your work across your CSH and your wider community Each CSH will help other CSHs to improve – within your local authority and across Scotland
KEY ACTIONS • Conduct a mapping exercise of	CYCLE OF C KEY ACTIONS • Establish your vision, mission	CONTINUOUS IMPR KEY ACTIONS • Link plans to vision	EXAMPLE 1 KEY ACTIONS • Steering group leadership	KEY ACTIONS • Share locally
